Are you involved with your church's ministry to children and young people? This course is for you!

Whether you have been working with children and young people for a long time or you are just starting out, this course is designed to help you develop and refresh skills and knowledge so you can serve children and young people well.

The course is interactive with groupwork activities plus times for discussion and reflection. We will explore at 4 areas:

- **Children Matter** - the value of children to Jesus and to the church
- **Practical Matters** - the skills and practicalities needed to work safely with children and young people
- **Faith Matters** - how faith might develop for children and young people and how we might help to nurture faith.
- **You Matter** - the importance of knowing our roles and responsibilities and looking after our own faith and wellbeing

We look forward to meeting with you and learning together.
